

kVA Limited

# HIRE Generators

kVA Limited specialise in the hire of diesel driven electricity generators for use in the oil/gas and petrochemical industries. We offer the complete service when hiring a generator, from specification right through to delivery, maintenance and fuel management. Our hire fleet consists of:

- 10 – 1500kVA units
- Onshore and offshore generators

kVA Limited are agents for Speedy/LCH generators for the North East of Scotland and the associated oil and gas industries in all UKCS waters.

For further information email [hire@kva.co.uk](mailto:hire@kva.co.uk)

*Typical offshore unit in D.N.V. transit crash frame.*

*Typical onshore hire fleet unit environmentally friendly with catch all bund, low noise and low smoke emissions.*
